VERY IMPORTANT ONE-SHEET ON 5G: OPEN FOR QUICK COMPREHENSIVE GUIDE / TOPIC AREAS BELOW

https://ehtrust.org/wp-content/uploads/5G_What-You-Need-to-Know_V4-1.pdf

- The radiation from small cells is not small
- Community authority is overruled
- Millions of small cells to be built in front yards
- Scientists worldwide are calling for a halt to the 5G Roll-out - READ THE MORATORIUMS
- Cumulative daily radiation exposure poses serious public health risks >
- Microwave antennas in front yards present several worker and public safety issues:
- Decreased property values
- There is a safer alternative: *fibre-optic cable*
- KEY RESEARCH AND REPORTS

SOUNDS of EMF's USING RADIO FREQUENCY ANALYZER - YOU GOTTA HEAR IT TO BELIEVE IT!

<https://www.youtube.com/watch?v=s99i0H-nBw4>

(Hearing the sounds outside the range of human hearing is worth a thousand words)

PICTURES of SMALL CELLS <https://whatis5g.info/photo-gallery-of-small-cells/> - includes Santa Rosa

DEFINITIONS of ELECTRIC & MAGNETIC FIELDS

[VERIZON'S CEO OWN WORDS "No need for it" https://www.youtube.com/watch?v=FwAsr1pC13Q](https://www.youtube.com/watch?v=FwAsr1pC13Q)

FROM THE INTERNATION SCIENTIST APPEAL:

Collectively we also request that:

1. children and pregnant women be protected;
2. guidelines and regulatory standards be strengthened;
3. manufacturers be encouraged to develop safer technology;
4. utilities responsible for the generation, transmission, distribution, and monitoring of electricity maintain adequate power quality and ensure proper electrical wiring to minimize harmful ground current;
5. the public be fully informed about the potential health risks from electromagnetic energy and taught harm reduction strategies;
6. medical professionals be educated about the biological effects of electromagnetic energy and be provided training on treatment of patients with electromagnetic sensitivity;
7. governments fund training and research on electromagnetic fields and health that is independent of industry and mandate industry cooperation with researchers;
8. media disclose experts' financial relationships with industry when citing their opinions regarding health and safety aspects of EMF-emitting technologies; and
9. white-zones (radiation-free areas) be established.

PROPERTY VALUES:

<https://ehtrust.org/cell-phone-towers-lower-property-values-documentation-research/>

"Research indicates that over 90% of home buyers and renters are less interested in properties near cell towers *and* would pay less for a property in close vicinity to cellular antennas. Documentation of a price drop up to 20% is found in multiple surveys and published articles as listed below. The US Department of Housing and Urban Development (HUD) considers cell towers as "Hazards and Nuisances."

LEGISLATION: being fought (or passed) in states and many cities / towns - such as CA
